Young children experience cultures through language

Summer language camps at MIS provide authentic Spanish language learning in a fun immersion environment. Summer language instruction is child-centered and builds upon what students already know. Each child brings unique learning styles with them. MIS language camps value diversity of styles while encouraging children to develop a second language.

Spanish immersion day camp

for ages 4 to 7

Each camp meets from 9:00 a.m. to 1:00 p.m. Tuesday, Wednesday, and Thursday for one week and costs \$75 per week. Every week will highlight a different focus.

A day at camp

A day at one of MIS's language immersion camps includes:

- Morning greeting with songs and dance
- Outdoor play time throughout the day
- Time for morning snack, as well as lunch, (children bring their own)
- Activities and centers related to the week's focus
- Closing circle at the end of each day

All participants in language camp will need to bring the following every day:

- Lunch and snack
- Sunblock and sandals
- One change of clothes that can be left at the school for the duration of the camp

Spanish Language Skills Tutoring for grades 1 to 8

Taught by MIS Spanish teacher Karim Del Pozo, small group language instruction enables students to build their confidence in Spanish language use through the summer months. Students will:

Enjoy exposure to Spanish language literature; build decoding, comprehension, and fluency skills; develop strategies for organizing essays and reports; take a systematic approach to revision and editing; and improve oral fluency through games and conversation.

Choose from one of the two class options. Each class includes *THREE* weeks of instruction from July 11-28 and costs \$125.

Class Options	Class Days	Class Times
1	Monday & Wednesday	9:00-11:00 a.m.
2	Tuesday & Thursday	9:00-11:00 a.m.
